

**KUEHNE+NAGEL**

**#KN Finished Vehicle Logistics**

# **Performance and control you can trust**

# Bring a smile to your customers' faces

Whether the destination is a dealership, a race track or a motor show - your vehicles deserve the best management and control during shipment.

Our certified automotive experts are passionate about delivering a first class service. That means your vehicles are safe during their entire journey. You can rely on proactive intervention during any unforeseen circumstances.

Do your vehicles have special handling requirements?

We treat your vehicles as if they were our own. From white glove handling to confidentiality and safety requests – your precious vehicles are in the best hands.

You can count on a seamless service, from door to door. Your goal is our goal – to make your customers happy.

## Air

When timing and special handling are essential, use our air logistics services. **Choose the service level which best fits your needs.** Services: Core, Advanced, Premium, Project Logistics

## Sea

When efficiency matters the most, choose an economical sea freight solution. **Benefit from favourable rates and large capacities.** Services: Full Container Load (FCL), Roll-On Roll-Off (RORO)

## Rail

If you're importing from, or exporting to China, rail is a flexible alternative option. **Up to twice as fast as sea freight and up to one third the price of air freight.** Service: KN Eurasia Express

## Every solution is unique

In collaboration with you, we design the ideal logistics solution to meet your individual requirements.

- Standard operating procedures ensure high quality vehicle transport
- Full flexibility for your supply chain through our tailored transport solutions
- Guaranteed capacity through fixed space allotments with our preferred carriers
- Full visibility and control of your shipments, transport documents and reports
- via myKN – your one stop online solution
- Customs services enable timely, cost-efficient and compliant clearances, reducing administration, delays and penalties
- Gain peace of mind with KN Sure, our transport insurance that protects you from risks during every stage of transportation – regardless of the carrier's liability

## A healthy planet for future generations

Kuehne+Nagel's Net Zero Carbon programme proactively addresses the CO2 footprint of transportation services through three activities: the detection, reduction and compensation of CO2. Ask our experts how we can support you to reach your environmental targets.
